

Specialty Pharmacy Insight

Outpatient Hospital Program · End-to-End Workflow

DOC ID	SOP-SPI-001
VERSION	2.0
EFFECTIVE	[Date]
CLASSIFICATION	Confidential — Internal Use Only

PURPOSE

Defines the consolidated workflow for the Specialty Pharmacy Insight outpatient hospital program — from physician enrollment through medication fulfillment — establishing controls, ownership, and SLAs for regulatory compliance and timely patient care.

SCOPE

Applies to Compliance Officers, Pharmacy Intake & Fulfillment Staff, Prior Authorization Team, Onboarding Coordinators, Insurance Specialists, Telehealth Schedulers, and all clinical and operational stakeholders participating in the program workflow.

Process Workflow

PHASE 1 Physician Enrollment & Prescription Submission Compliance / Physician Office SLA: Same Day	WORKFLOW STEPS
	- Physician completes and signs CDTM agreement - eRx transmitted to Insight Pharmacy via EMR - Patient demographics & insurance faxed to PA Team
PHASE 2 Pharmacy Intake & Prior Authorization Pharmacy Intake / PA Team SLA: 24 – 48 Hours*	WORKFLOW STEPS
	- eRx received, logged, and verified in system - Triage tagging applied: urgent vs. routine - PA Team coordinates authorization with carrier
PHASE 3 Telehealth Completion & Approval Onboarding Team SLA: 24 Hours	WORKFLOW STEPS
	- Telehealth visit scheduled (2–3 daily slots held) - Visit completion auto-triggers fulfillment notice - Insurance approval logged in centralized workflow
PHASE 4 Medication Fulfillment & Delivery Pharmacy Fulfillment / QA SLA: 24 – 48 Hours	WORKFLOW STEPS
	- Patient address reconfirmed before dispatch - Medication packed with temperature controls - Shipped with signature & delivery confirmation

Key Performance Indicators

Avg. eRx-to-Ship Turnaround	Telehealth No-Show Rate	Incomplete Script %	PA Denial Rate
-----------------------------	-------------------------	---------------------	----------------

Governance & Compliance

Weekly cross-functional performance reviews
Monthly HIPAA and program compliance audits
All steps timestamp-logged for complete audit trail
Continuous improvement driven by KPI trending and root-cause analysis

*Prior Authorization may extend to 2–3 weeks for complex cases. All timelines measured from receipt of complete documentation.
